| • C# Programming                          | • Structure of HCIS                | • Client-Side Development     |

### PROFESSIONAL DEVELOPMENT

#### Full Stack Web Development Bootcamp | University of Toronto, Toronto

April 2023 - July 2023

### SELECT PROJECTS

#### Fun with Food - Full Stack Web Application: [Project Link](#)

- Collaborated in a team to design and implement a full-stack web application that allows users to create a profile, specify dietary restrictions, and save recipes that fall within those restrictions
- Used MySQL2, Express JS (backend), and Express Handlebars, Materialize CSS (frontend)
- Utilized node.bcrypt.js to hash and protect users' passwords

#### Freelance Platform - Full Stack Web Application: [Project Link](#)

- Collaborated to design and implement a full-stack web application that allows users to create a profile, create listings for new projects, specify a set of skills they have, and either enlist the help of other professionals on their projects or help with theirs
- Uses GraphQL and MongoDB (backend) and React (Frontend)

#### Learning Words - Web Application: [Project Link](#)

- Collaborated to design and implement a web application using various APIs to allow a user to search for words, after which they are presented with the proper pronunciation, spelling, and definition
- Uses Thesaurus API, Random Word API, Free Dictionary API, jQuery, and Materialize CSS

### WORK EXPERIENCE

#### Chef de Cuisine | Piccolo Piano Pizzeria, Toronto, ON

Oct. 2022 - Jan. 2023

- Created the structure and standards regarding ordering, inventory par-levels, recipe-costing, and developed a yearly budget for labor/capital expenditures, ensuring the business remains successful
- Brought the ratings on Google & Resy to the highest-rated in the company (out of 5 restaurants)
- Worked in a team of 2-3 people to serve 50-100 guest nightly, and executed over 30 private events

*Work Experience continued...*

**Junior Sous Chef, Senior Sous Chef** | Piano Piano the Restaurant, Toronto, ON    Oct. 2021 - Oct. 2022

- Assisted Executive Chef in kitchen operations, food and stock ordering, and kitchen supervision, effectively establishing a clear chain of command and ensuring maximum efficiency
- Co-managed a kitchen of over 25 employees, ensuring operations ran smoothly on a day-to-day basis
